throw it on roads, in rivers etc.

And the problems are being faced mostly in rural areas due to this problem.

Keep clean

Cleaning is necessary

People should take the matter seriously and avoid unnecessary throwing of garbage somewhere in streets.

Requires proper planning and time to time maintenance

Until and unless we people don't realise the duty to protect environment there is no way to improve anything. Because it is not ignorance it is Indifference. People knowing fully well Don't perform their duty until the situation demands. Even these municipalities cannot claim that lack of funds for non performance of duty which is decided in case of RATLAM MUNICIPALITY VS VARDICHAND.

Yes

Better education and segregation

Suggestions,ideas,can definitely help to improve waste collection services but the matter is implementing and post monitoring of those ideas because post monitoring plays very important role and that is missing in our societies.Awareness regarding sustainable development, balancing the production and consumption patterns,polluter pays principle,penalties to each and everyone may help in improving waste collection along with reducing waste generation.

Nothing

Avoiding manufacturing the waste

Nope

It's everyone's duty to segregate waste and dispose it properly

No.

Increase collection frequency and ensure timely pickup to avoid waste accumulation
